POCKET PRO ATHLETICS HL 400-A

POCKET PRO ATHLETICS HL 400-A

The Pocket Pro Athletics App, Pocket Pro HL400-A, gives users access to timekeeping functions dedicated to the timing of motor sports / race tracks.

The innovative and bespoke application, get the three specific modes provide the user the ability to time and monitor activities including the Beep/Bleep test, Interval Training and Sprint Training

All times are memorised and can be recalled and visualised for each competitor.

The Pocket Pro electronic stopwatch is the latest in TAG Heuer's Professional Timing development regime. In addition to the three exclusive timing modes dedicated to Athletics, this 1/100th second handheld timepiece also encompasses standard stopwatch modes, including Split / Lap time measurement, countdown, and memorising of the time of the day.

Together with its integrated USB connector; free POCKET MANAGER application and Pocket-Pro 800 measurements internal memory, the device makes the downloading, analysis, printing and archiving of results extremely simple.

• **Timing Mode**

- Time Of Day (Time)
- Count Down
- Split / LAP
- Sprint Training with up to 4 split times
- Interval Test
- Beep / Bleep Test (Shuttle Run)
